CYMK Convention 20xx Funding Request Letter

To: Members of TYC Long Branch
From: Senior CYMK / Ukrainian Orthodox Youth
Re: Request for CYMK National Convention 20xx Funding
Date: xx/xx/xxxx

In the past years, CYMK has been very involved with the _____ (*parish*) by planning numerous events open to all members as well as events focused on youth to capture and retain the next generation of leaders in the Ukrainian Orthodox community. The past few years have been difficult for our organization as some key active members have left to begin new chapters in their lives and the impact of this has been felt by all. The 20xx National CYMK Convention occurring in _____ (*location*) this _____ (*date*) will be focused on restructuring CYMK in order to revive the organization on both a national and local level.

As young adults who are concerned for the future of our church leaders, we aim to send as many CYMKivtsi to this convention as possible. As of this moment, the estimated number of interested attendees ranges from ___ to ___ members. As registration for the actual convention is intended to be covered on a national level, we still require funding for transportation and accommodation. We plan to fly to _____ (*location*) and stay at the _____ (*hotel*) at which the convention will be held. Here is a breakdown of our costs that I am hoping you can help us out with:

Flight Cost:	\$___ per person
Accommodation Expenses:	\$___ per night x 4 nights
TOTAL	\$___

In attending the convention, newer CYMKivst members will discover the cultural and spiritual flame by which CYMK was founded on, whose light has recently begun to grow dimmer. The convention will help them gain sight (and more senior CYMKivtsi regain sight) of why CYMK is so important to the Ukrainian Orthodox Church here in Canada, along with why it is important to continue to be as active as possible in this community. Our goal is to create as many influential Ukrainian Orthodox leaders as possible through an unforgettable experience, proven by past conventions.

Thank you for considering our request - your time is greatly appreciated. Please let us know if there is any additional information that may influence your decision to approve funding.

Sincerely,
Senior CYMK
